

MemoryBank WireFrames and Mockups

WelcomeScreen

LoginScreen

RegisterScreen

The image displays two wireframe mockups of a 'RegisterScreen' for a mobile application. Both mockups are contained within a light gray border and are labeled 'RegisterScreen' at the top left.

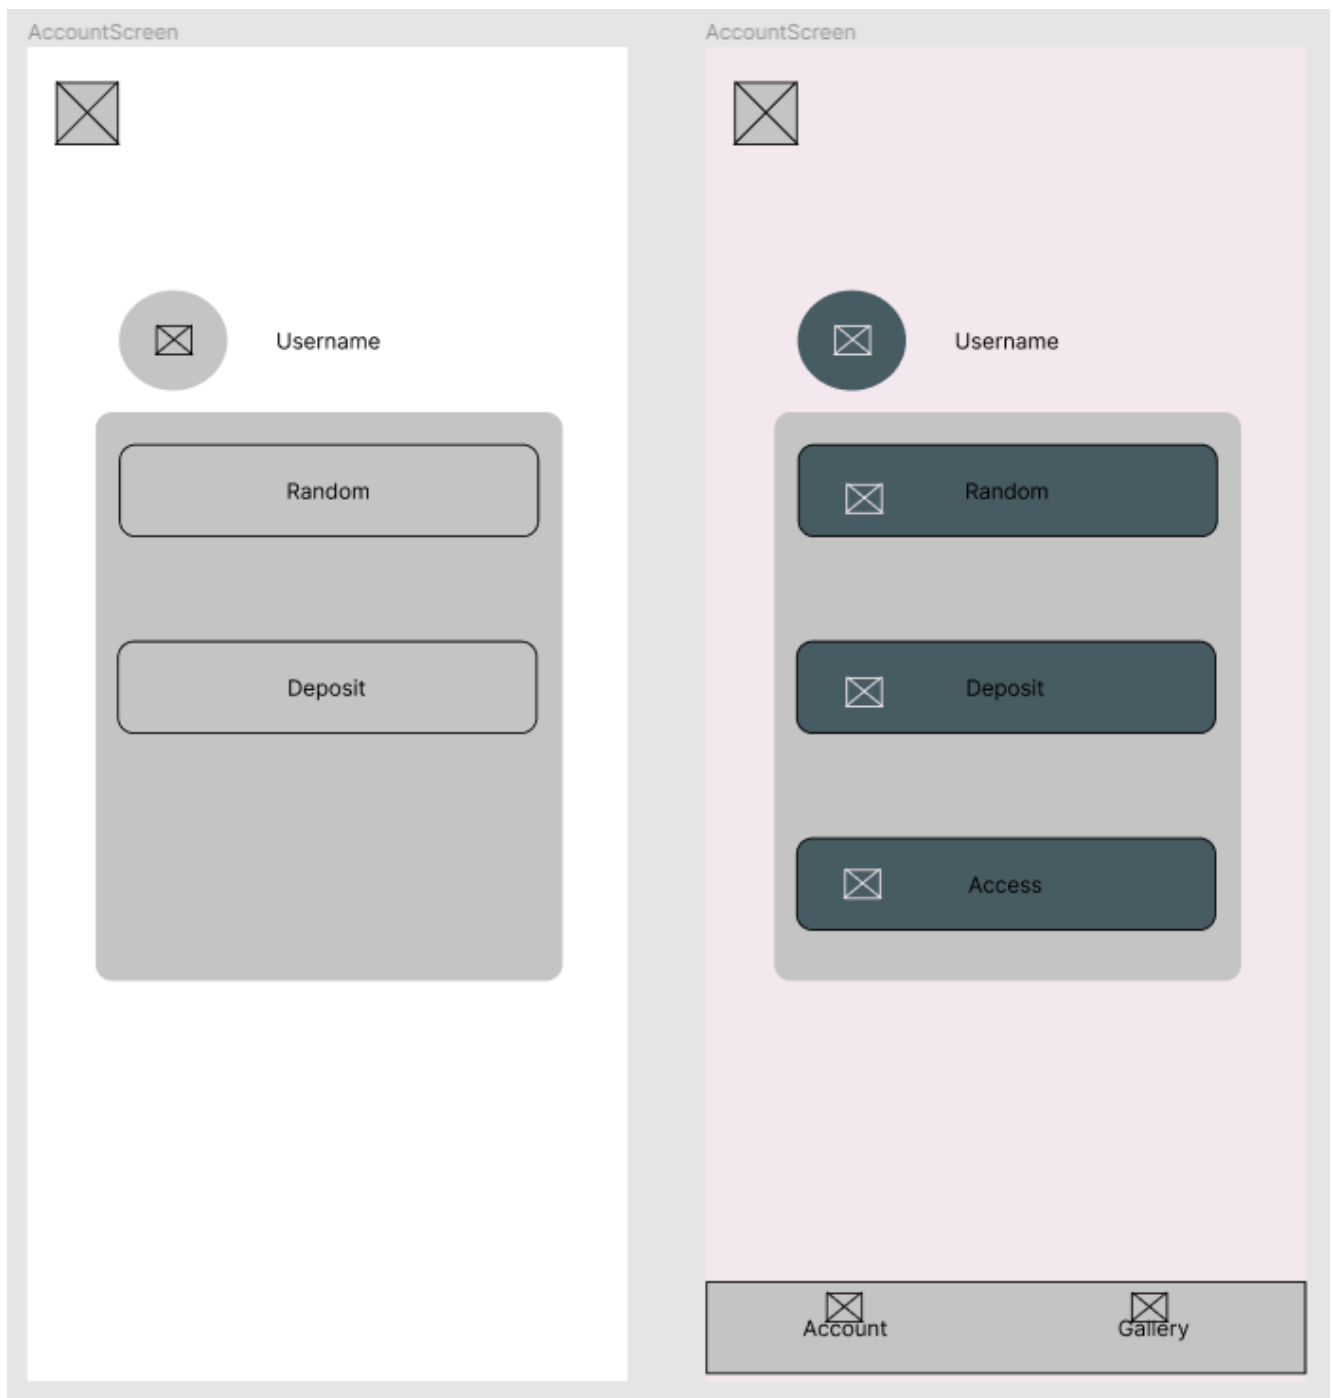

Left Mockup (White Background):

- At the top left, there is a square button with an 'X' icon and the text 'Back'.
- Below this, there is a gray rounded rectangle containing three input fields, each with an 'X' icon and a label: 'Name', 'Email', and 'Password'.
- At the bottom of the gray rectangle is a rounded button labeled 'Register Account'.

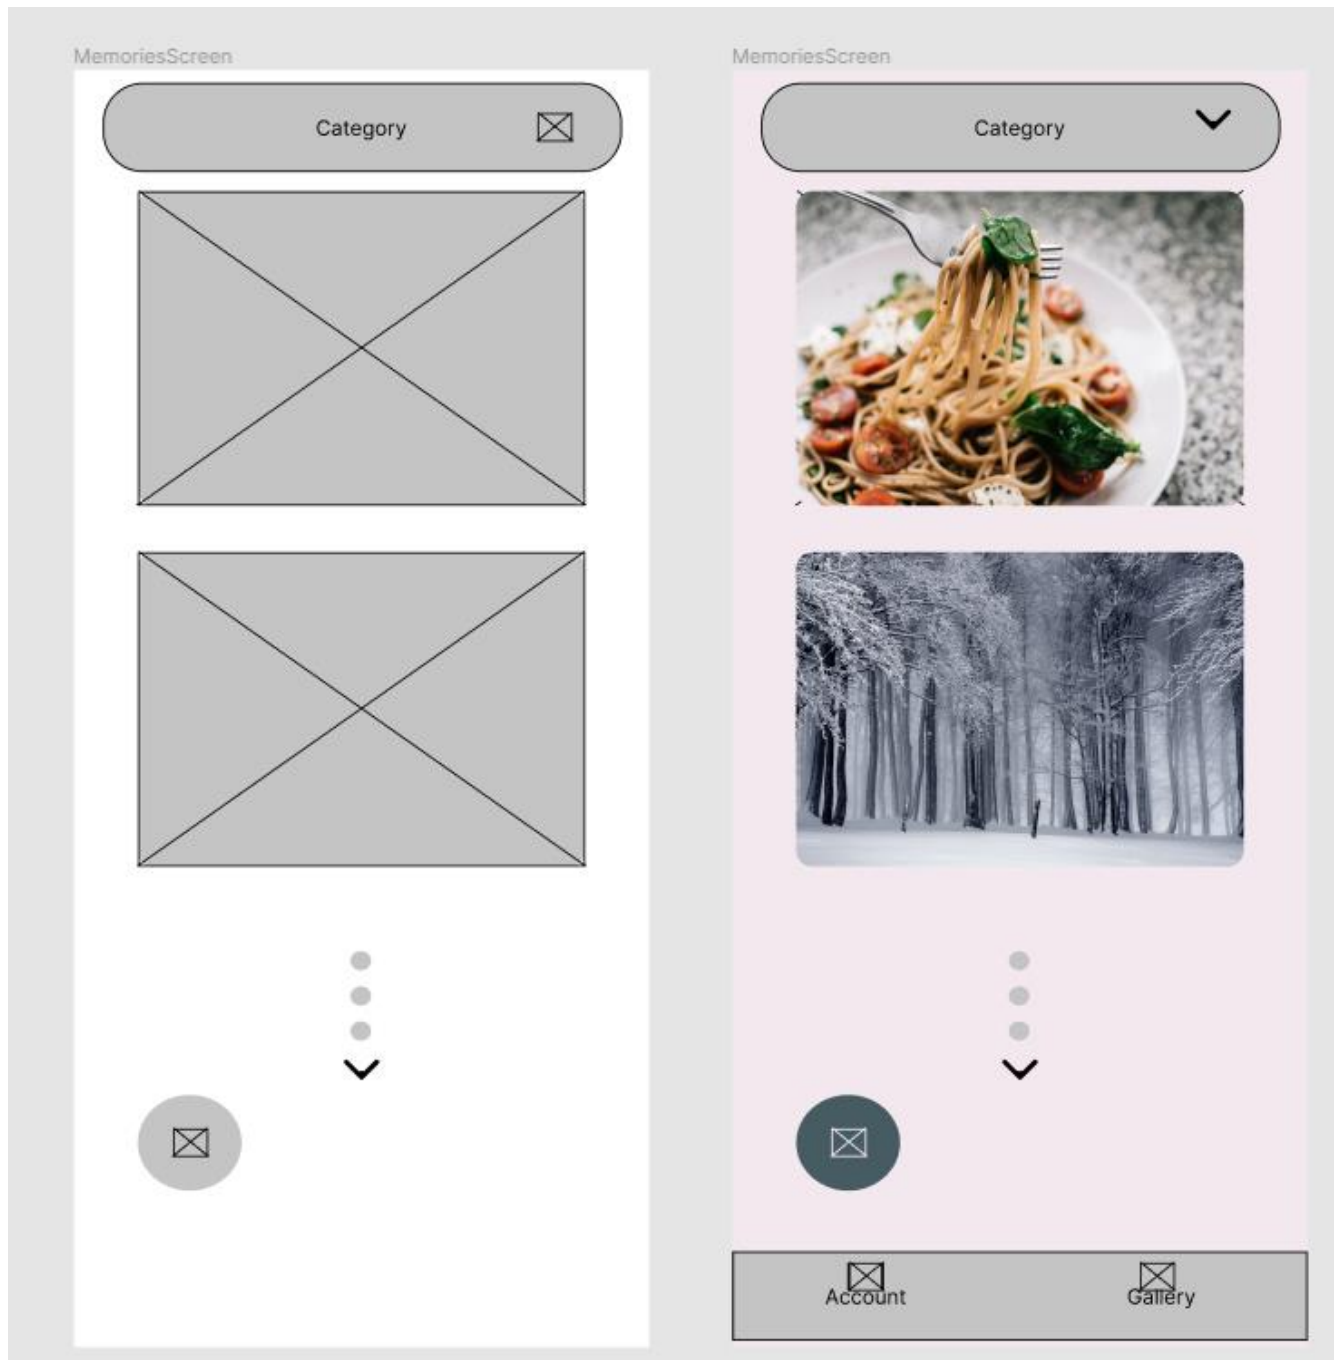

Right Mockup (Pink Background):

- At the top left, there is a square button with an 'X' icon and the text 'Back'.
- Below this, there is a gray rounded rectangle containing three input fields, each with an 'X' icon and a label: 'Name', 'Email', and 'Password'.
- At the bottom of the gray rectangle is a rounded button labeled 'Register Account'.
